PARKER'S AFFAIRS

PROPOSITION FOR A SET-

TLEMENT MADE YES-

TERDAY.

The Unsecured Creditors will Get Twenty

Per Cent. Cash and a Fourth

Mortgage.

The absolute secrecy with which the creditors of Samuel Parker conduct their meetings has led some people to remark that they are attempting to hide something. The affairs of the gentleman mentioned have been public property for some time and just why the creditors want to meet behind closed doors is not apparent.

At their first meeting reporters were excluded, but this did not prevent this paper from publishing a full account of what took place.

Another meeting was held yesterday afternoon at the chamber of commerce to pacify the unsecured creditors whose claims exceed \$50,000.

A representative of the Star was in the room for some time before he was recognized by the people present. As soon as the newspaper man was discovered a resolution was passed requesting that he make no mention of what he had heard, which he reluctantly consented to, but only on the understanding that the "morning paper" would not get a "scoop" on his paper.

This was agreed to and a second resolution was passed which vehemently declared that the ADVERTISER was not to receive any information whatever. Then the Star man withdrew.

The meeting was not as well attended as the first one, and it turned out to be about as satisfactory. As usual no coin was in sight, much to the disappointment of most of the creditors.

Owing to the absence of H. A. Widemann, who is chairman of the committee appointed to investigate Mr. Parker's affairs, no definite statement of facts and figures was given.

After much talk, the unsecured creditors agreed to the following proposition: 20 per cent. of the debts are to be paid in cash, and the balance—80 per cent.—is to be secured by a fourth mortgage on the estate.

While this proposition was not hailed with unbounded joy, it was accepted as being just a little better than nothing at all.

It is not known who is to advance the 20 per cent. in cash, but another meeting will be called next week, when the identity of Parker's alleged friends will be disclosed—at least that is the prayer of the creditors.

A Simple Remedy for Toothache.

One of the best remedies for toothache is the common compound tincture of benzoin, sold everywhere in the drug stores. If a few drops are placed on cotton and put in and around the tooth, the pain will be almost instantly stopped. It is a remedy easy to procure and always efficacious in its action.

THE MISSIONARIES.

They are Entertained by Friends in this City.

Several missionaries were on board of the S. S. City or New York yesterday and among them were Rev. and Mrs. Knox, of Tokio, and their four children. They were met at the wharf by Mrs. A. F. Judd and U. S. Consul-General Severance who entertained them during their stay in port. The doctor and Mrs. Judd were school-mates. The Rev. McFarland and the Rev. and Mrs. McGilvary were passengers on the steamer also. Both of the reverend gentlemen are from Siam where they are engaged in missionary and educational work. They were most pleasantly entertained by Mr. and Mrs. Frank Damon who take great delight in showing strangers about this city.

To Ice Fruit.

To ice any fruit, dip first in the beaten white of an egg, then in pulverized sugar. Do this until the icing is sufficiently thick. Peaches should be pared and cut in halves, and sweet, juicy pears are treated in the same way. Cherries, strawberries and other small fruits are iced with the stems on, only the largest being chosen. Pineapples should be cut into thin slices, and these again divided into quarters. Oranges and lemons should be pared and all the white skin removed, the lemons cut into horizontal slices, the oranges divided into quarters.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Chicago Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk.

I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but gruel. I was badly emaciated and had no more color than a marble statue.

Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, and I began to eat heartily. After I had taken three bottles I could eat anything without hurting me. Why, I got so strong that I had to eat 5 times a day. I have now fully recovered, thanks to
